The SCW3600 is a high speed PTZ dome camera which can pan a full 360 degrees in 1 second. Having 36X optical zoom and 520 TV lines of resolution the SCW3600 produces excellent picture quality and extremely high zoom capability. Performance of this camera at night is really something to behold. This PTZ camera incorporates a 1/4" SONY EXview HAD CCD for high sensitivity in extreme low light environments. For optimized sensitivity in both day and night-time shooting applications, the SCW3600 incorporates an Auto ICR (mechanical IR cut filter). With its DSS(digital slow shutter) function SCW3600 takes Day/Night to the next Level.

This PTZ can achieve full color in as low as 0.002 LUX. The SCW3600 is IP66 weatherproof as well as fully vandal proof which make it perfect for all installations both indoor and outdoor.

The SCW3600 works perfectly with either our Pro or the Flex DVR. It is one of only a few speed domes in the world that has 36X optical zoom capabilities. All of the OSD (on screen display) menus can be accessed directly through the DVR interface. You can set all of the presets as well as tours, patterns and swings via the DVR with no additional joystick or controller. This camera is great when the normal range of a speed domes will just not do.
